

Welcome to our first Enhanced Resource Provision (ERP) newsletter. We would like to keep you updated with what we have been doing and what fun things we have coming up.....

We now have 'The Hub' a lovely quiet room to do our interventions and Deaf club.

In January, Zoe Milner a local deaf artist from Nottingham came to our school to help us create our very own masterpiece. They are currently displayed in school and we will be bringing them home soon.

We have been really busy doing lots of exciting things to celebrate British Sign Language week 18th-24th March. We went 'On Tour' to local primary schools to promote and teach them a song in BSL.

Our 'Go Blue for BSL' raffle raised £85 to be donated to Riley the hearing dog that we sponsor at Langley Mill Academy.

Let's Drive!!

Richard Martin a local driving instructor came in to show us how he supports deaf people with driving. He knew how to sign and used lots of models and visuals to show how to do things. He was amazing with our students and they are all looking forward to learning to drive.

Deaf club

In Deaf studies, we have been finding out about the Deaflympics and promoting BSL for British Sign Language week.

We have looked into jobs that deaf people can do and found out 'we can do anything!'

We are starting to look at equipment deaf people can use to help depending on their level of deafness and what equipment choices we have.

Celebrations

Finley has taken part in the forest schools programme and he is really enjoying it.
